

Information Covid- 19

Dear Valued Customer,

The European Industry may face disruptions linked to the outbreak of Covid-19 in Europe, including supplies of raw materials and possibly restricted availability of trucks.

At Klumpp Coatings, we know from experience that anticipation is of high value to address such periods of uncertainty. We have secured our supply chains, especially from foreign Covid-19 regions, with far-reaching forward orders, so that your future delivery is also secured.

This is why we kindly ask you to send us foreseeable orders (until week 17) as a forward order by Monday, March 23rd and to inform us of your forecast for the months of April and May.

This will help us with the associated inventory management, production planning and advance booking of logistical needs, for our mutual benefit.

We value our commercial relationship and will contact you if there is any significant change of our situation. Any question should be addressed to your usual contact within Klumpp Coatings.

Thank you for your co-operation!

Best regards,

ppa. Matthias Grundt
Head of Sales Europe
